Gentlemen: REL: SAND WASH DISTRIBUTION

I have your letter of May 20, 1940 in which you set out the necessity for the appointment of a Commissioner to distribute the waters of Sand wash in spite of the fact that a majority has failed to ask for such appointment. There is reason and merit in your request.

I will, therefore, appoint, in accordance with your wish, Mr. Robert Marchant as the State Engineer's agent to distribute the waters of Sand wash, in accordance with the rights involved. He may proceed at once. You are requested, however, to send \$5 by return mail to purchase a bond - a requirement of law - before the official commission can be granted. There is enclosed a blank for use in making Application for bond. This should be completed and returned without delay.

Yours very truly,

T. H. Humpherys  
STATE ENGINEER.

Encl. Application for bond.

N. B. Bond and application therefor will follow.
